

March 17, 2020

A message to our patients regarding the novel Coronavirus:

At Motion Plus Physiotherapy the health of our patients, staff, volunteers and the greater community is of the utmost importance to us. In accordance with the recommendations set out by Public Health authorities with respect to social distancing and under the advisement of both the Canadian and Ontario Physiotherapy Associations, we have temporarily closed our practice to nonurgent patient care as of 8pm March 16, 2020. We hope to re-open on Monday, March 30, 2020 at 8am but that date may change depending on the current COVID-19 situation.

We are able to offer *urgent care* for any patient in need or *virtual care* for those patients who wish to conduct a physiotherapy session over the phone or via a video option such as Facetime. If you are interested in either of these options please email the office at office@motionplusphysio.com or leave a phone message at (519) 767-7587. Phone and email messages will be checked twice daily, Monday to Friday.

We recognize that these are exceptional times and that it is very important that we all do our part to reduce the spread of the virus and the burden on the health care system. Please monitor our Facebook Page, our voicemail and this website for updates.

Take care and stay well,
Denise Fogal-Smith, PT
Clinical Director
